

High Curcumin Turmeric has long been associated with positive health benefits by Ayurveda and there has been extensive research over the years. Deva-Ansh Wellness launched its flagship product " Deva-Ansh Curcuma Longa in 2017 to bring these benefits to consumers.

The modern era has seen an unprecedented spread of bacterial and viral infections. Lack of immunity and nourishment contribute heavily to this and bacteria are fast becoming resistant to antibiotics. A natural alternative is thus essential to make the body strong enough to fight infections. Deva-Ansh has created a variant of Curcuma Longa, especially for combating bacterial and viral infections, named Deva-Ansh Curcuma Longa Bacti. The ingredients are all natural, selected from pristine forests in India. It is easy to consume and offers quick results.

Some of the prime benefits of Deva-Ansh Curcuma Longa Bacti are: - Helps Combat Infections - Immunity booster - Natural Antioxidant - Anti-Inflammatory - Cardio-positive Made from All Natural Ingredients - Deva-Ansh Curcuma Longa Bacti is a blend of ingredients like spices and herbs easily found in the everyday kitchen. The chief of which is High Curcumin Turmeric. Turmeric and especially its most active compound, curcumin have many scientifically-proven health benefits, such as the potential to prevent heart disease, Alzheimer's and cancer. Since curcumin is poorly absorbed into the bloodstream, we have added Piper Nigrum (black pepper) which enhanced the absorption of curcumin by 2000%. The other two main ingredients are Neem and Basil. While neem has been tested on human pathogen, paruginosa, aureus and v.cholera in controlling the growth in vitro in culture conditions and found to be effective. and Basil is known for its detoxifying Effect. This also been tested positive over the following pathogens, s. aureus, aeruginosa, staphylococcus. Neem and Basil known for its detoxifying effect when used in combination with High Curcumin Turmeric, it enhances the blood sugar reduction aspect. Conclusion Deva-Ansh Curcuma Longa Bacti is a unique product that can be used against many bacteria and virus infections. This is a one of a kind solution for combating infections made purely with all natural spices and herbs. With proven results and a solid track record of delivering quality, Deva-Ansh continues to innovate.
